

BEREAVEMENT UNIFORM PROGRAM

The goal of the *Bereavement Uniform Program* is to make available to the family of every firefighter wanting one for burial purposes, a Class A Dress Uniform.

It is a collaborative effort between the Lighthouse and Fire Departments and firefighters all around the country who chose to step up and donate their surplus and unused dress uniforms, with the primary motivation; insuring every firefighter the opportunity to be buried in a Class A.

The mechanics of the *Bereavement Uniform Program* is the same as the Fallen Fire Fighter Dress Uniform Program.

There is no charge for the uniform or rank pins. The only cost is for freight...

... and like the Fallen Fire Fighter Dress Uniform Program, the *Bereavement Uniform Program* is a service provided with the hope that in some small way, it helps with the grieving process, to let the families know, we appreciate the sacrifices made on all of our behalf and 'to take care of those who took care of us'.

The link to the Program is at <http://bereavement.lighthouseuniform.com>. To find out how to be part of a unique and very extraordinary 'give back' effort or to get the process started, call us at 1-800-426-5225 (Seattle time).

Very truly yours,

Steve Cohen, Pres.
